callrun 3D Model Preview Notes

Dimensions, tolerances and material specification for the RC series enclosures

1. General Dimensions

Overall length 158 mm, width 79 mm, height 13.5 mm, tolerance plus or minus 0.3 mm.

Inner cavity accommodates devices up to 8.5 mm thick including the supplied screen protector.

Weight 58 g plus or minus 2 g.

2. Material Specification

Outer shell: polycarbonate with a matte anti-scratch coating.

Inner frame: thermoplastic polyurethane with a 65 Shore A hardness.

Gaskets: silicone, 50 Shore A, compression set resistant.

Port covers: polycarbonate with a silicone sealing rim.

3. Drop Test Standard

Tested on 2.0 meter drops onto concrete with the phone installed.

Ten drop cycles per unit across six orientations with no functional failure.

The raised bezel keeps the screen from contacting the surface in every orientation.

4. Print and Packaging

Retail box dimensions 175 x 95 x 45 mm, printed in four colors on 350 gsm art paper.

Manual, spare port covers and microfiber cloth are included in every retail box.

Bulk packaging available in units of twenty.
